Independent Inspections is based in Waukesha, and founded in 1979. They are currently serving several municipalities in Door County. The client base includes towns, villages and cities ranging in size from a population of 200 to nearly 40,000. Serving these communities is the largest most experienced staff in the state. Their staff of professionals includes State Certified Inspectors as well as Design Engineers, Master Plumbers, Master Electricians, and experts in all phases of construction.
