

**TOWN OF GIBRALTAR
DONATION POLICY
2005**

Donations of any amount are welcome and will be used for town beautification. Your donations can be used to improve current gardens, aid in the establishment of new ones, or to fund the planting of trees.

Commemorative tree planting allows donors to contribute the cost of planting a tree in one of our public parks. The cost of a tree is \$300. This covers the cost of the tree, planting, and maintenance. Various species of trees available and possible site locations are available at the Gibraltar Town Office.

TREE OF GIVING

For those wishing to have their gift recognized in their name or the name of some other individual, the Tree of Giving will identify that gift.
